The premium offer now being
made by the News is worth looking
after. It costs you nothing.

ton have gone to M. S. Spring where
they have secured a barber shop.

ladies' hats arrived Wednesday.
It is an elegant and stylish assort-
ment.

Chas. P. See and Zack Wilson
have gone to Portsmouth, where
they have employment as stone-
cutters.

In our Pikeville letter there is
an account of the killing of Mont
Hartford near that place last Sat-
urday.

All the lodges in Louisa seem to
be on a boom. New members are
being admitted at almost every
meeting.

You can get ice cream every day
at Mrs. Holt, Barrett's, next door
to Holt, Barrett's grocery store,
near depot.

G. H. R. Chapman has had some
painting done on his residence,
which adds much to the appear-
ance of his property.

Robert McKee, Jr., has purchased
of At Wellman a house and lot
near the west end of Perry street,
and will move into it soon.

The delicious ice cream served

The Louisa Council J. R. D. P. A.

pate in the Decoration Day exercises

Another effort is being made to
collect the Carter county railroad
debt. The heirs of David Stinton
have filed suit in the Federal Court
at Covington for \$75,000. The bonds
were issued years ago for a rail-
road that was never built.

Conflicting reports are heard
here as to the condition of T. J.
Hilton, who was stabbed by Ed.
Hayd, a neighbor, last week. One
day this week he was said to be
worse and likely to die. Next day
the report said he was better.

Thieves entered Col. Jay H.
Northrup's office Monday night and
carried away a money drawer,
which contained only 12 cents. The
safe was not broken. No money
of any consequence is kept in the
office. All of it goes into the bank
as soon as it comes in. But the
thieves evidently did not know
this.

POSTOFFICE ROBBER.

Arrested at Lexington is One of
the Louisa Gang.

Postoffice Inspector Kyle arrested
Fred Dillion, alias "Hamilton
Fatty," at 4 o'clock Sunday morn-
ing at Lexington, Ky. The arrest
of Dillion by Inspector Kyle makes
the third arrest by that inspector
in connection with the robbing of
the postoffice at Louisa, Ky., in
December, 1900. James Gleason
and T. J. Burns are serving terms
in the Nashville Penitentiary. The
robbing of the Louisa postoffice
was the heaviest that has occurred
in the Cincinnati Division for a
number of years. The safe was
blown open and stamps to the
amount of \$796, together with \$100
in currency was taken. This crowd
was apprehended shortly after the
robbery by the Louisville police
department, but before the post-
office officials could fasten on the
crime on them they were released,
but the Government officials have
since been on their trail and with
the arrest of Dillion it is believed
that all the gang are in custody.
The next culprit.

Another Cutting Scrape.

An Brushy fork of Blaine last
Saturday Archie Cordle cut "Doc"
Lester in the abdomen, inflicting a
dangerous wound. The men were
brothers-in-law. They had had
some trouble previous to this. It
is said that both were drinking on
this occasion. Cordle has been
placed under a bond of \$500. Both
men were married.

Mines Running Steadily.

The Kentucky Block Channel coal
mines, in Morgan county, are run-
ning full time.

A number of miners from this
section are employed there. The
company wants about thirty more
good miners.

The undercutting is done by com-
pressed air. The plant is of the
best kind known, and is complete
in every respect. A few more ma-
chine men can also find employ-
ment there. These interested may
secure further information by ad-
dressing or applying to M. L. Con-
ley, Supt., Canal City, Ky.

New Tuberculosis Cure.

Another has just been communi-
cated to the Academy of Medicine
by Dr. Spadart. He claims to
have arrested the progress of inop-
erant consumption by administering
iodine of potassium in solution in
very small doses, each dose fol-
lowed by an inhalation of essence of
turpentine, lasting 10 minutes. This
treatment is concurrent with the
usual hygienic and dietetic treat-
ment.

STEAMBOAT SINKS.

The Big Sandy sidewheel steamer,
Jennie George, plying between
this city and Pikeville, sank at 1
o'clock this morning near England
Hill, 4 miles above here in 12 feet
of water.

In making the short turn at Eng-
land Hill this morning the wheel
struck a rock which caused the bow
to swing toward the shore. There
were some large rocks protruding
into the river. Upon one of these
she was driven at full speed and
rested a moment as she broke in
two and sank in twelve feet of wa-
ter as mentioned above.

Pilot Albert Bank was at the
wheel. The crew and passengers
all escaped unhurt save for a good
wetting.

The Jennie George was owned by
Messrs. Isaac Brewer, John Y.
York, John L. Phillips and James
Johnson.

She was insured for \$1000 and is
a total loss. The freight trip was
light, being mostly chickens and
eggs shipped to the market here.

Died of Smallpox.

Mr. and Mrs. J. P. McCloskey ar-
rived at their home at Klammer
Monday from Pennsylvania, where
they were called by the death of
Mr. McCloskey's brother.

It was quite a sad case. The
young man was superintending the
construction of a long tunnel quite
a distance from his home. Small-
pox was brought into the camp by
some negro laborers, twelve of
whom died there. Every case so
far has proved fatal. Mr. McClos-
key contracted the disease, which
was of a very virulent type, and
death followed quickly. His father
received no notice of his illness
until the evening before his son's
death. He started immediately
and arrived at the camp the next
morning. An attendant met him
at the fence and told him his son
had just expired. He was not al-
lowed to see the body, and the au-
thorities buried it a few hours af-
terward.

Deceased was 28 years of age and
was to have been married June
4th. His affianced was at the ex-
press office receiving a part of her
wedding apparel when a telegram
bearing the shocking news of his
death was delivered to her.

The many friends of Mr. McClos-
key will deeply sympathize with
him in this sad experience.

Conference Committee.

Having Rivers and Harbors Bill
in Charge Has Taken a
Recess.

The conference committee com-
posed of members of the House
and Senate appointed for the pur-
pose of trying to reach an agree-
ment upon the amendments made
in the Senate to the Rivers and
Harbors bill, adjourned for a week.
They had a wrangling time of it,
and accomplished very little. It is
said.

Congressman Barton is oppos-
ing the Big Sandy river very stren-
uously, but Senator Atkins is put-
ting up a fight for our river that is
bound to win. Congressman
Hughes and Keoke are bringing to
his aid every influence and all in-
formation on the subject within
their power. Senator Atkins de-
clares that if the modest sum of
\$300,000, which his amendment al-
lows to remain in the bill, for river
and harbor bill shall be allowed
to pass at this season of Congress.
And all who know his power are
evident that he is not only able
to carry out such a proposition, but
that he will most certainly do so.

A SUDDEN DEATH.

The wife of John T. Jones, Jr.,
died very suddenly at her home on
Lick creek, a short distance from
Louisa, last Monday forenoon. Her
husband had left the house early
that morning to go to his work.

The wife and little two-year-old
child were in apparent good health.
About eleven o'clock a neighbor
called and found the child playing
alone in the yard, but did not see
Mrs. Jones. A search was made
and her dead body was found in
the pantry.

Mrs. Jones would have been 22
years old in this month. She was
born in May, married in May, her
child was born in May, and her
death occurred in May. The little
child was two years old on the day
Mrs. Jones died.

Deceased was a daughter of John
F. Meek, one of our best citizens.
She was a granddaughter of Mr.
Samuel K. Manney, and was an ex-
cellent young woman. Her death
calls forth much sympathy for all
the bereaved.

CHURCH DEDICATION.

Matine, May 7th.
Our third quarterly meeting was
held at Moore's Chapel, May 3d
and 4th. Rev. J. M. Holand, D.
D., of Louisa, filled the Presiding
Elders place and preached four
strong sermons. The dedicatory
sermon was one of the strongest
ever preached in that place, so
said by all who heard it. The
doctor made many friends while
with us, who will always have a
warm place in their hearts for him.
They all say congragatun. The Pres-
iding Elder's claim paid in full
without a public collection. The
sacrament was administered with
40 communicants. The church
was greatly stirred. The most
thoughtless speaks well of the
meeting.

Mr. Grady Thompson died at the
home of his daughter, Mrs.
Wm. Setty, at Hadnor, W. Va.,
last week and was buried at his
old family burying ground about
three miles from Catlettsburg. He
was 72 years of age and had been a
member of the M. E. Church, South,
for many years. He has two grand-
daughters living in Louisa, Mrs.
E. S. Ferguson and Mrs. R. L. Vin-
son.

The Woman's Foreign Missions
Society of the M. E. Church
South, of this place held an open
session at the church last Sunday
evening. They elected Miss Mattie
Wallace as delegate to the annual
meeting of the various Societies
of the West Virginia conference,
which is to be held at Clarksburg,
W. Va., June 12-15. The officers
of the Society were re-elected for
another year.

A letter received from Warfield
last week states that everything is
beaming up there, owing to the
fact that the Norfolk and Western
railroad company is talking of
building their line down Tag river.

The gas company is putting up a
telephone line from Warfield to
Eden, which will give to Warfield
connections with the outside world.

Speculators are being taken ap-
tions on real estate, but owing to
the latense excitement they are
hard to get.

In the dispatches from Manila a
few days ago it was stated that
Surgeon Porter was one of a num-
ber of officers wounded in an en-
gagement somewhere in the Philip-
pine Islands. It was thought
here at first that this was probab-
ly Dr. E. H. Porter of this place,
who left for the Philippines on
March 7th, but it is almost certain
that this is not the case. Dr. Por-
ter landed in Manila on May 1st,
and this battle was on the 3rd,
at a point far distant from Manila.

The lists show that there are two
other surgeons in the army named
Porter. Mrs. Porter, who is here
with her mother, Mrs. Hatcher, is
in communication with Gen. Stern-
berg about the matter.

Nelson, Engineer in charge of con-
struction of the Big Sandy Exten-

and that the C. & O. has decided to
take the disputed territory and are
now in possession. Grading is be-
ing done and the road is ready for
ties and rails over the part that

at important points in Pike

O. guaranteeing the road to be
completed in two years and a half
from date, construction to be begun
as fast as possible to a finish.

line between Pikeville and White-
house coming down the river to
meet Mr. Nelson who is working
up.

BIG SANDY

River Appropriation One of the
Items of Dispute in the
House.

The conferees on the River and
Harbor bill are engaged in a daily
wrangle over the items in dispute.
Mr. Burton, the chairman of the
House Committee on Rivers and
Harbors, started out to run the
whole business, but he has met
with obstinate resistance from the
Senate conferees. Senator Frye,
who was to head the conferees in
the Senate, became satisfied that a
lively disagreement was imminent
in the conference, so he concluded
to go fishing. Senator Atkins, a
born fighter was selected in his
place and Berry, of Arkansas, the
place of Vest, of Missouri, the latter
not being able to stand the racket
of the wrangle. From all that can
be learned from the Conference
Committee room, disagreements
have been personal and there is no
telling how long the bill may re-
main in conference. Among the
items in dispute is the appropriation
for the Big Sandy river.—

WILBUR.

The extremely dry weather is
greatly damaging oats and pa-
rures. Farmers have been com-
pelled to quit plowing and there
are no prospects of rain.

Married, on the 21th, Hazel Trav-
is, of this place, to Miss Minnie
Ward, of Dover.

Louis Farr, who has been driv-
ing team for G. C. Swetnam, has
gone to W. Va., to work.

L. B. Ramey, who has been en-
gineer at M. F. Swetnam's mill for
the past two years, went to Wilbur
last week to take an examination.
We predict for him great success
as an engineer.

Lindsey Earl was calling on
Miss Amanda Swetnam, last Sun-
day.

Felix Grimsby was on our creek
recently buying hogs.

Oliver Swetnam and wife visit-
ed at George Creek recently.

Green Hayes passed down our
creek recently.

William Grimsby, a Charley, was
a business visitor on our creek re-
cently.

ty, passed through here recently
enroute to W. Va.

Robert Travis and wife visited
their son Henry, of Galen, Johnson
county, and while on their visit
had the misfortune to lose a fine
horse.

On last Saturday evening short-
ly after dark Mr. Lindsey Earl, a
traveler from near W. Va., was
crossing the hill between the head
of Little Blaine and the Light Fork
of Brushy. According to the state-
ment given by Mr. Earl, some one
suddenly appeared from the bushes
and tried to hold him up, but
Earl was too quick for them and
he was able to escape with a
slight wound on his arm. He was
driving a fine horse and a fine
team. When he reached the foot
of the hill he saw a house and
called aloud for someone. Farris
Moore, who lives at the foot of
the hill, answered his call. Earl
is a stranger in this country, want-
ing to go to near W. Va., and
he was told to take him to M. F.
Swetnam's. Mr. Moore assured
him of the fact that it was but lit-
tle more than half a mile to Swet-
nam's, and that there was no dan-
ger whatever. We are very sorry
for traveling men to go out with
such a prospect as this to tell of
occurring in our country.

On last Saturday evening near
Mrs. Kate Short's, one-and-a-half-
miles below Wilbur, Archie Cor-
dial stabbed and seriously wound-
ed Mr. Moore to take him to M. F.
Swetnam's. Mr. Moore assured
him of the fact that it was but lit-
tle more than half a mile to Swet-
nam's, and that there was no dan-
ger whatever. We are very sorry

such a prospect as this to tell of

Greenup, Ky., May 1.—The exo-

Michigan is still kept up. The
last party to go was composed of
Frank Eggers and family, Burton
Alexander and family, Isaac Logan

neighborhood. Over 500 people
have gone from this county to

Polle went out to Hays yesterday
and arrested Samuel T. Justice up-

work in the mines when arrested.

was in the service about fifteen
months, and saw duty in Cuba. He
came home on a thirty-day furlough

The family of Mr. and Mrs.

grievous manner. On Saturday
afternoon a daughter, Miss Lydia,

At the same hour Sunday after-
noon Miss Anna, another daughter,
two years older, died of tuber-
culosis. They were buried side by
side at the same hour of the day
that they died. The aged mother
is prostrated with grief.

timony, Ky., May 4.—The peo-
ple of this community are greatly
aroused by the action of Marshal
George Davis, who shot and killed
Owens Leedy, the twenty-year-old
son of Mr. Hobert D. Leedy, of the
Eastern Kentucky Railroad Com-
pany. Young Leedy was shot last
night by the Marshal, who it is
charged, fired three shot at him.
The last of the three proved the fa-
tal one, as the bullet penetrated the
chest, near the heart.

Marshal Davis undertook to ar-
rest Leedy on the charge of disor-
dly conduct, and Leedy, it is said
resisted the officer. Seeing that
the young man was about to get
away from him, it is said, Davis
whipped out his revolver and be-
gan to point blank.

The reports of the pistol attract-
ed a large crowd to the scene of the
shooting, and when it was ascer-
tained later that Leedy had been
killed and that Davis was the man
who had shot the promising
career of one of the most popular
young men in the community his
friends began to talk of avenging
his death.

In the meantime Davis had
promptly given himself up to the
authorities. The Marshal is now
under guard as a general precau-
tion and to forestall any attempt
that may be made on his life.

Davis claimed that he resorted
to every possible means to put
Leedy under arrest without a
squabble and that he did not draw
his revolver until he found it nec-
essary to flourish it in self-defense.
He claims he did
